

RIVA

SPAIN

2025/2026

LUXURIOUS CONNECTION TO NATURE

RIVA Spain exists to **reconnect us with nature**, bringing the forest into our everyday spaces in the most beautiful and elegant manner, with designs that honor the perfection of every tree, ideas that respect the essence of every forest, and finishes that **transform our spaces into environments of wellbeing, calm and joy**, making every moment special, unique, and most importantly, alive.

Pursuing this purpose with **80 years of mastery** in the art of **wood craftsmanship** is what fuels our passion and remains a true privilege.

The ultimate luxury.

RIVA
S P A I N

LUXURIOUS CONNECTION TO NATURE

The background of the image is a close-up, high-resolution photograph of a wood surface. It features prominent, concentric growth rings that create a swirling, organic pattern. The wood has a warm, golden-brown hue with varying textures and subtle color variations between the rings, giving it a natural and aged appearance.

From Tradition
to Innovation

A Family Legacy

Our story began in **1937 in Vigo, Spain**, where the Iglesias family embarked on their journey in **wood craftsmanship** within a small workshop. Over the past eight decades, that humble beginning has evolved into one of Europe’s most esteemed **wood manufacturing** enterprises. Through meticulous refinement of every stage in the production process, we continue to ensure the creation of products that embody the **highest standards of quality, design and excellence.**

1937

The Iglesias family began their journey in the world of woodworking **craftsmanship** in **Vigo, Spain.**

2018

Our CEO, Borja Iglesias, established **RivaFloors in the U.S.**

2022

RivaFloors underwent a **rebranding**, evolving toward the refined identity of **RIVA Spain.**

2023

We transformed the industry with **high-end showrooms** across the country, the **RIVA Corners.**

2024

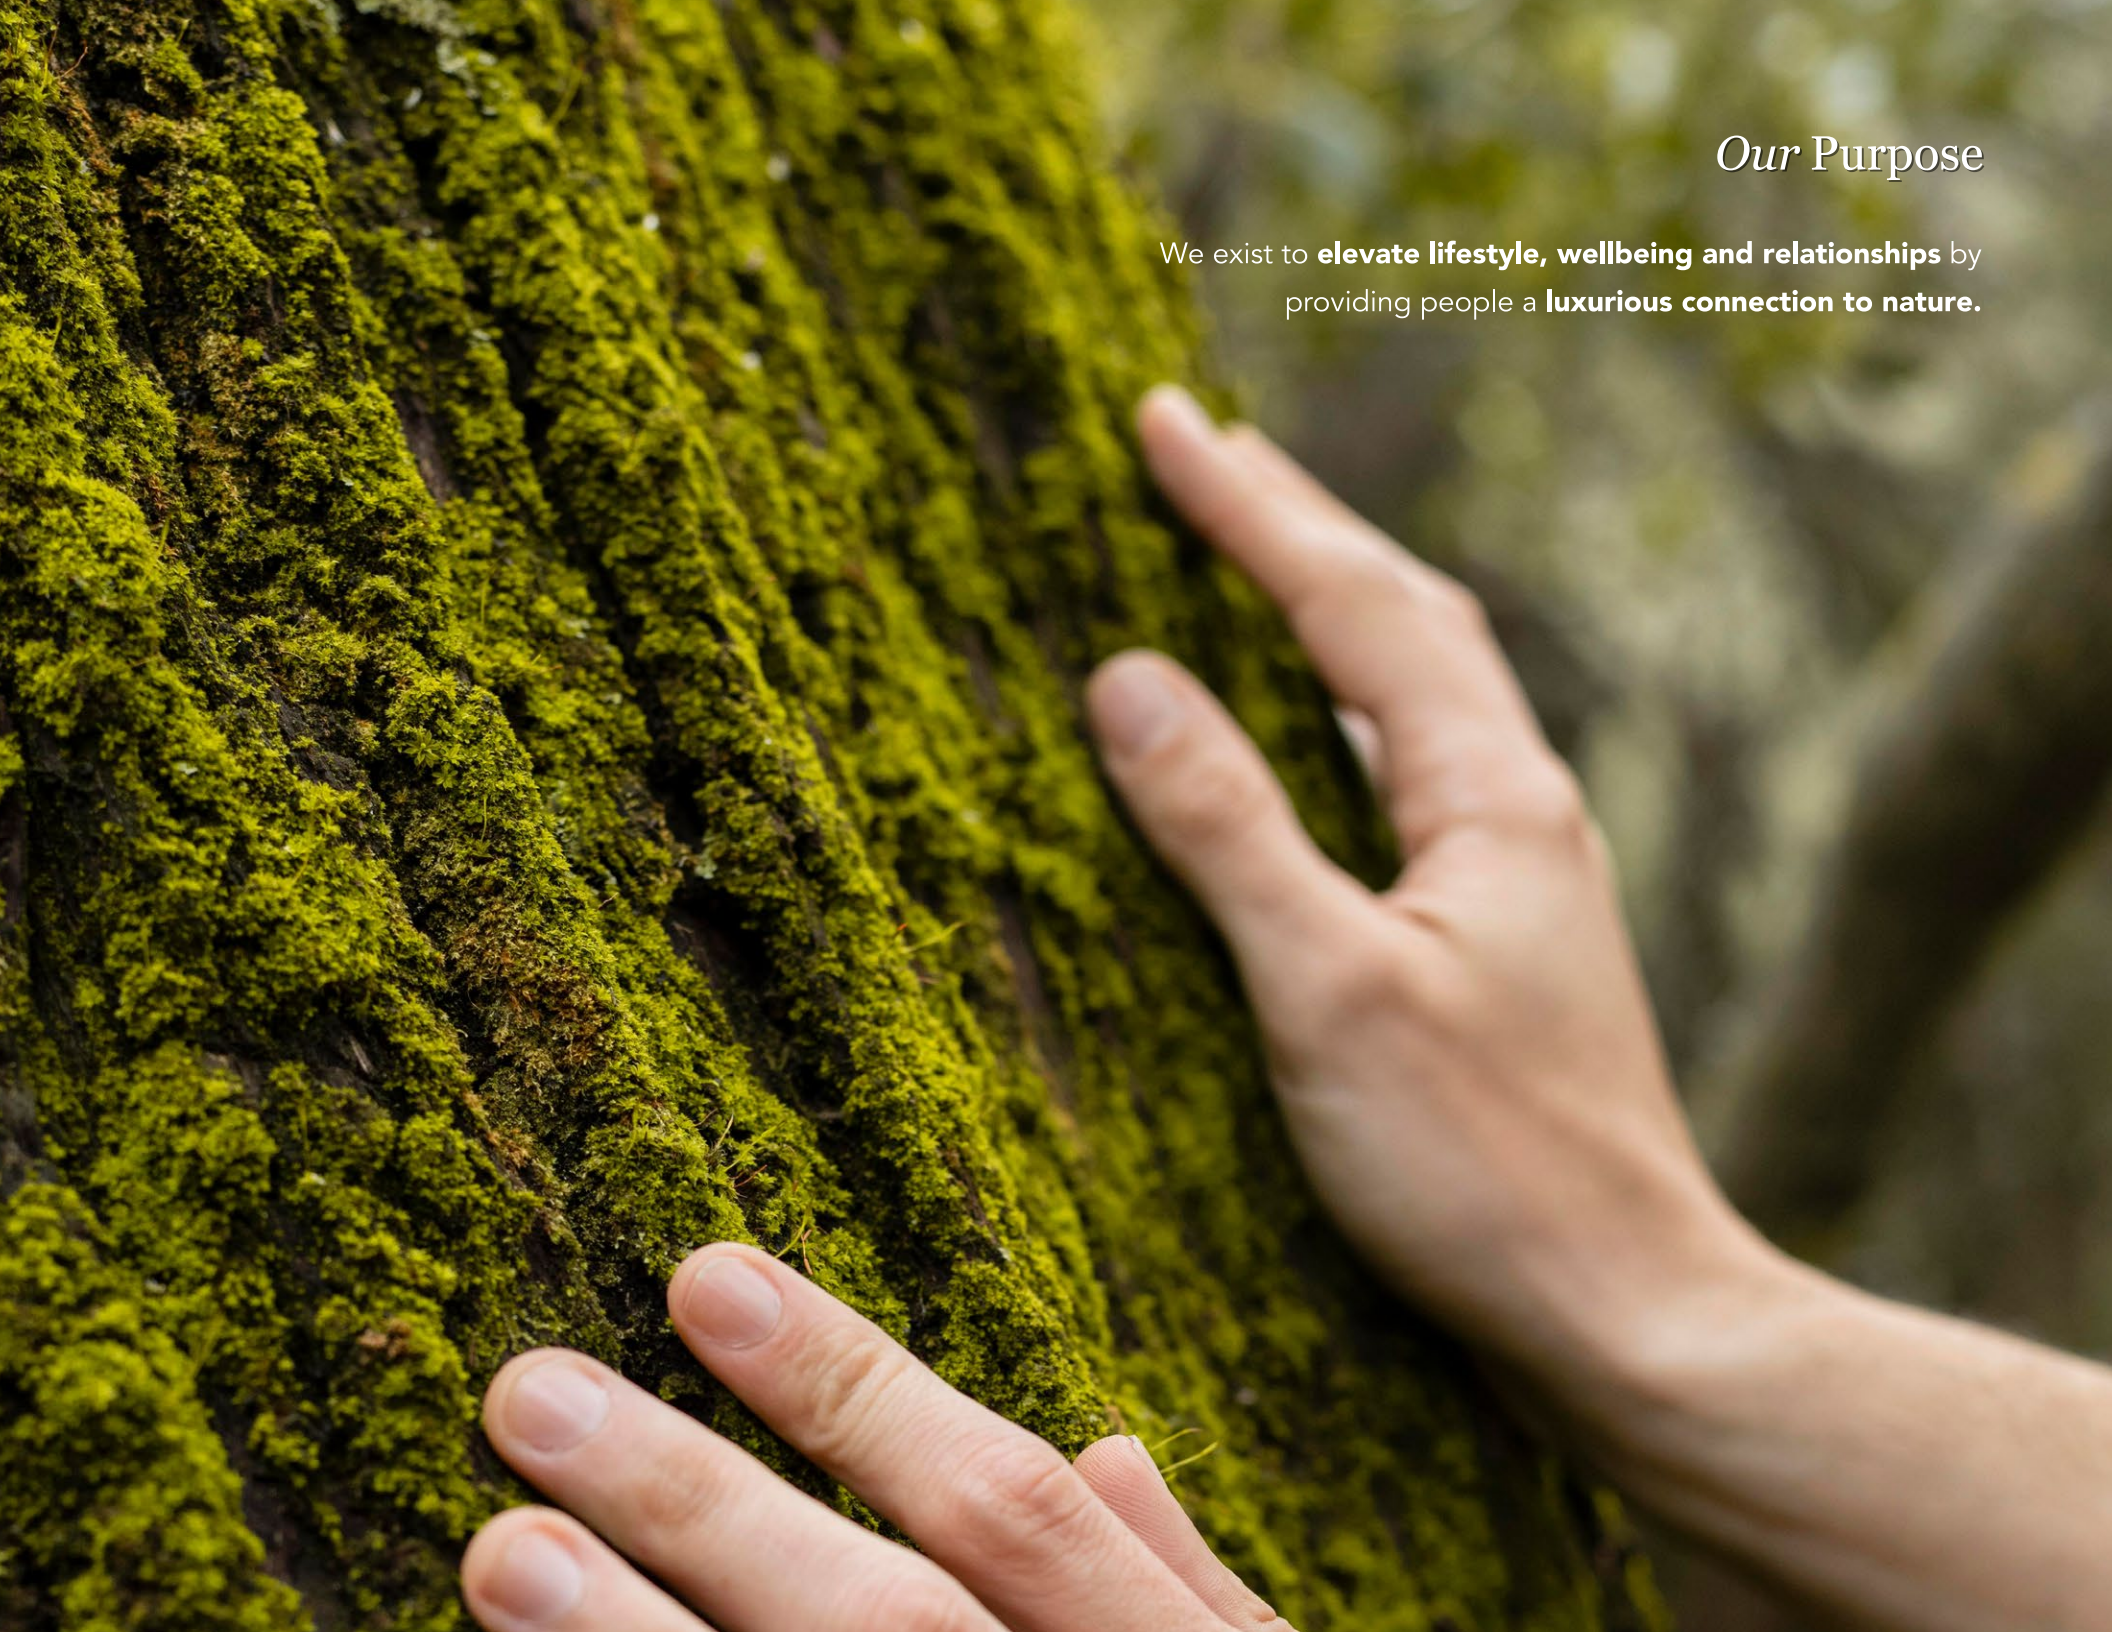

Strategically located **distribution center** in the United States to ensure efficient **coverage and reliable supply.**

2025

The first **RIVA Flagship Store** in the **Miami Design District** offers a unique experience, marking a new milestone as **pioneers of innovation** in the industry.

Our Purpose

We exist to **elevate lifestyle, wellbeing and relationships** by providing people a **luxurious connection to nature**.

Our Vision

Transform the flooring industry worldwide by elevating quality, design and customer experience, **using natural elements.**

Our Values

Quality

Mastering Excellence

Our passion for excellence drives us to achieve the highest standards in our products, services, and performance. We exclusively use premium natural materials, such as European White Oak, to deliver the finest quality. Superior craftsmanship ensures durability, reliability, and exceptional customer satisfaction. We seamlessly blend high-end design with outstanding functionality, to become the market's preferred choice.

Boldness

Unwavering Confidence

We envision grand possibilities and move forward with unwavering determination. We dare to stand out, and when someone call us "crazy", we embrace it as a testament to our courage and creativity, for it means venturing where others have not dared before.

Integrity

The Good Wood

We are honest and trustworthy in all our actions and decisions. We foster strong relationships and deeply value our partners, customers, and loved ones. We honor Mother Nature by committing to reforestation efforts and utilizing environmentally friendly materials.

Always at the Forefront

We bring new ideas to life, adding novelty and surprise to our brand to consistently exceed our customers' expectations. Embracing risk and learning from failure, we continuously refine our concepts and products to deliver the best for our customers and our planet.

Innovation

If our Customers Win, We Win

We strive to deliver an unparalleled experience for all our stakeholders. For our partners, we go the extra mile by offering a high-quality portfolio, exceptional service and comprehensive marketing services to foster their growth. We work with Architects and Designers to create new collections, surprising them with innovative and unique designs while supporting their projects. Our end consumers enjoy an elevated lifestyle, experiencing the luxurious connection to nature that our products provide.

Customer Centric

When Synergy Rocks!

Multiple talents, nationalities and stories landed at RIVA. Our diverse team is united by a clear purpose: Elevate lifestyle by giving a luxurious connection to nature. Together, we innovate and challenge each other to strive for continuous improvement. We celebrate our successes and embrace the lessons from our mistakes. We are more than friends and colleagues; we are a unique community, the best team, driven by a common vision.

Community

The RIVA Experience

Each RIVA Corner is thoughtfully designed to provide a **high-end experience**, seamlessly blending elegance and functionality. With over **100 RIVA Corners across the U.S.**, we bring our unparalleled craftsmanship closer to designers, builders, and homeowners, offering an immersive journey into the **luxurious essence** of RIVA Spain—where nature meets innovation.

RIVA
SPAIN

RIVA ELITE

Sustainability is our Priority

We are **certified with the strictest environmental standards** and our raw materials are selected and chosen by experts.

Why Engineered Wood?

Our engineered hardwood floors maximize the White Oak top layer while using abundant wood species for the core, **reducing resource demand without compromising beauty or durability.**

Supports well-being and sustainable living

Our hardwood floors are **free from volatile organic compounds (VOCs)**, ensuring a safer, healthier environment. Emitting no harmful substances, they are specifically designed for indoor use, **promoting improved air quality and fostering sustainable well-being.**

Responsible Forest Management

RIVA Spain floors are sourced from **responsibly managed forests** that prioritize regeneration, preservation, and ecological balance. By choosing wood certified by sustainable forestry organizations, we support practices that protect forest ecosystems and ensure a renewable supply for future generations.

Crafted To Last

Designed for resilience, engineered wood is **highly durable and resistant** to environmental changes. This longevity means less waste over time, providing a sustainable flooring solution that not only looks beautiful but also stands the test of time, **reducing the long-term demand on natural resources.**

Awards and Recognitions

RIVA Spain is proud to have earned prestigious awards and recognitions, fueling our commitment to **excellence in quality, innovation, and design.**

2023 **"Best Booth Award"** at The International Surfaces Event (TISE) for our stunning three-story display showcasing cutting-edge flooring collections. This award reinforced our position as a **leader in luxury flooring design and innovation.**

Finalist: Green Step Sustainability Award by Floor Covering Weekly in 2024, **celebrating our commitment to eco-friendly practices.**

Architect's Newspaper **Best of Product Award 2024 for RIVA MAX 10".**

RIVA Moss living walls longlisted in the 2024 Dezeen Awards.

RIVA Spain, in collaboration with the **American Institute of Architects (AIA Miami)**, introduced this award to honor architects who demonstrate innovation and a strong **commitment to sustainability**, reflecting RIVA Spain's core values.

IDA Design Awards - International Design Awards Product 2024, **RIVA Moss won Gold Award** in the Eco in the Green Design category.

GOOD DESIGN honors annual achievements in the pursuit of extraordinary design excellence. **RIVA Moss won in the Wall category**, and **RIVA MAX in the Flooring category.**

ProBuilder MVP Awards: From over 200 entries, **RIVA Moss won in the Surfaces category**—a testament to its sustainability and innovation in interior design.

6 Collections | 4 Widths | 2 Grades

100% European White Oak

RIVA Spain crafts high-end, sustainably-minded flooring solutions from 100% European White Oak for residential and commercial spaces. With a Marine Grade Baltic Birch core and 6 layers of BONA® finish for maximum protection, our cutting-edge products are made in our FSC-certified factory in Spain and are completely VOC-free.

Top Layer

Also known as the wear layer, it defines durability. European White Oak's natural hardness resists wear, while its 3–4 mm thickness allows for multiple sandings over time.

Core

The multi-layered design ensures durability and stability, with Baltic birch as the premium choice for high-end products.

Finish

Six layers of Bona® UV Ultra Matt finish strike the perfect balance between a beautiful, natural look and long-lasting protection.

Character Grade

We refer to our character grade as "light character". There are minimal splits/cracks as well as fewer knots than the industry norm. The fill we use is stained to blend into the flooring and does not stand out.

Select Grade

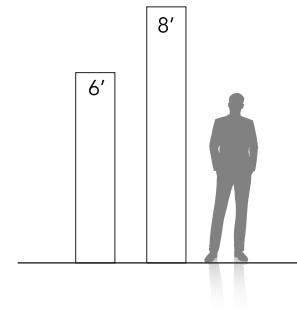

Our select grade presents a sleek appearance.
The use of premium wood results in the absence
of knots, providing a luxury feeling.

RIVA\METRO

Contemporary & Urban

RIVA Metro combines the appeal of **modernity in character wood floors**. It is a perfect blend of style and functionality, making it an attractive flooring option for urban dwellers looking to **make a statement and create a contemporary feel in any room**. This collection harmonizes with the ever-changing, quick, and modern style of big cities. Each plank carries its own distinct character and charm, adding depth and personality to any room. **Its width is excellent to make small spaces appear larger** thanks to the number of narrow boards on the floor.

RIVA\ELITE

Versatile Elegance

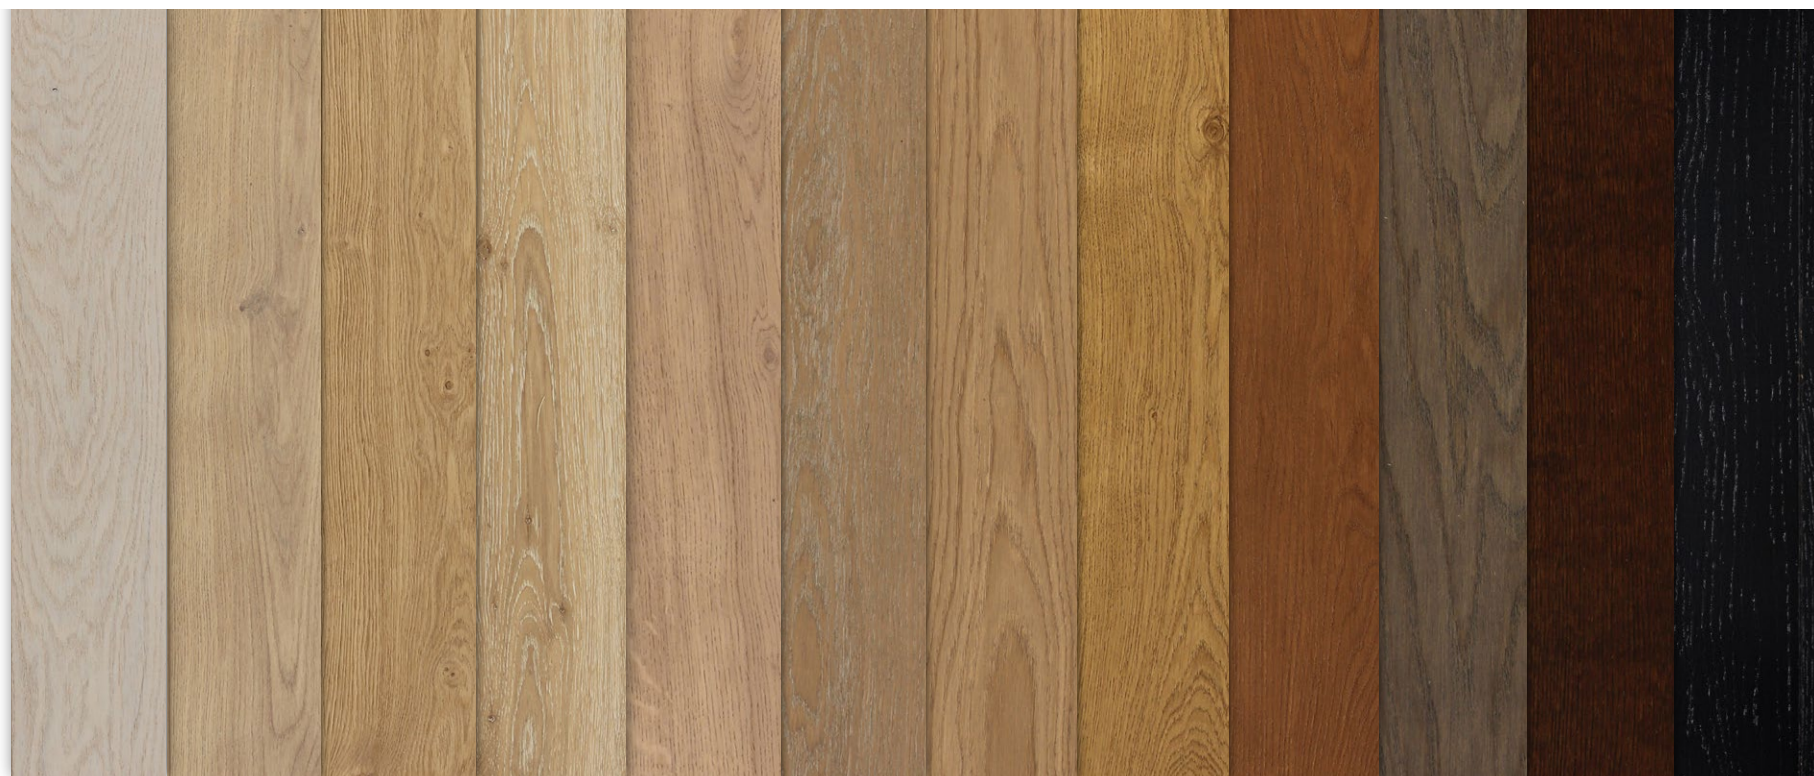

RIVA Elite is designed to seamlessly **adapt to your unique lifestyle**, effortlessly transforming any room into an extraordinary space. This collection features a comprehensive color palette with **12 exquisite colors** to cater to a diverse range of preferences and tastes. You can further customize your flooring by selecting either the character or select grade, this level of customization ensures that your flooring not only aligns with your aesthetic preferences but also complements the unique character of your living space.

What sets RIVA Elite apart is its **exceptional versatility**. The wide 8-inch planks not only add visual interest and depth to your floors but also create a sense of spaciousness, making rooms appear larger and more inviting. Whether you're aiming for a cozy, rustic feel or a sleek, contemporary look, RIVA Elite provides **the perfect foundation to bring your design vision to life**, allowing you to create an ambiance that reflects your lifestyle and personal style seamlessly.

LA RIVA

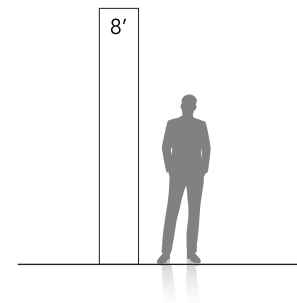

Handcrafted Masterpieces

Our most exclusive collection, LA RIVA, is born from our **dedication to craftsmanship**, and like any work of true art, embodies **timelessness, durability, and a captivating beauty** that transcends the ordinary.

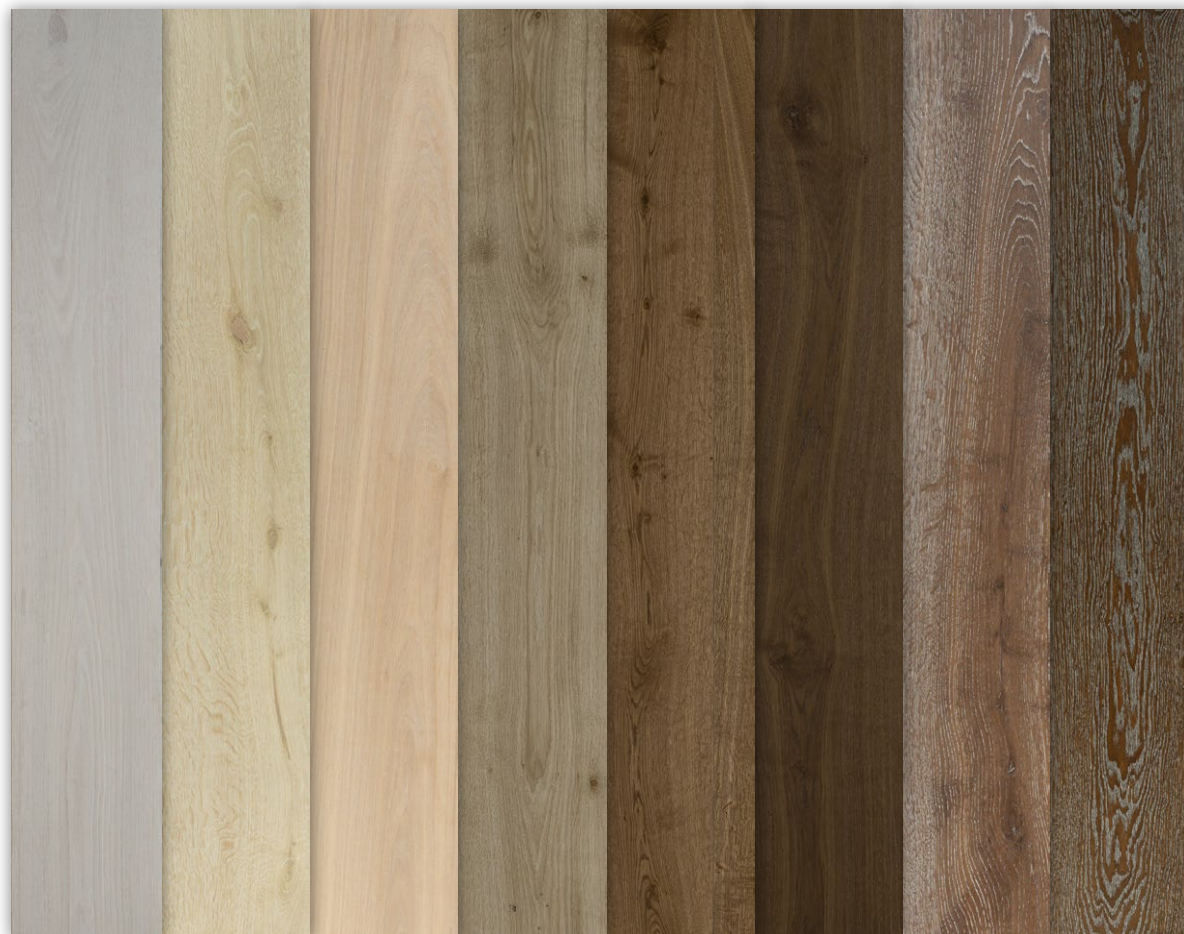

This collection stands as a testament to the harmonious blend of tradition, science, and innovation. Through the application of **reactive techniques**, we molecularly modify the wood to achieve a stunning array of colors and enhance the wood's innate beauty. The result is nothing short of unparalleled masterpieces.

Reactive stains work by reacting with the **natural tannins found in wood** to create **extremely unique and rich tones**, impossible to achieve by traditional staining methods. Due to the nature of the reactive staining process, there is an inherent color variation to be expected with every plank, because every plank has its own particular levels of tannins.

RIVA\MOSS

The Beauty of Nature on Your Walls

Preserved moss is real moss organically engineered to maintain its vibrant colors and natural characteristics. Sustainably harvested from various European forests, the moss undergoes a preservation process by soaking in a glycerine solution, replacing water within the cells to retain its softness and flexibility. This beautiful natural material is perfect for countless design possibilities, reconnecting humans to the natural world by bringing naturally preserved plant decor indoors.
